These adorable siblings were obtained at 6 weeks of age. They were born under Jeff's house on or about April 12, 2020. The mother is an outdoor stray that remains in the area and is generally healthy. All of these babies are in excellent health, affectionate, active, and used to small, calm dogs. They have been raised with Jeff's older cats, use a fully enclosed cat box, and love cat trees and window gazing. Ranger is the talkative ringleader and blazes the trails accompanied by his brother, Scout. Their sister Melody is always right there in the mix. Autumn is the petite, shy sister who is very loving and devoted once she feels safe and secure.

Call or text Jeff at the number above if you would like to meet these sweet babies.
